

SMK-1/PPH-4.1-mediated silencing of the CHK-1 response to DNA damage in early *C. elegans* embryos

Seung-Hwan Kim, Antonia H. Holway, Suzanne Wolff, Andrew Dillin, and W. Matthew Michael

Vol. 179 No. 1, October 8, 2007. Pages 41–52.

After publication of this manuscript, the authors noticed that the locations of two amino acid mutations, D580G and D703G (shown in Fig. 5 A), had been miscalculated. The correct locations are D581G and D704G. The authors apologize for this oversight.
